

Whilst we are sure a lot of you will want to download the routes and take your nostalgic trips at a time that suits you and the family, we are also keen that we create some Rootes get together run-outs. The proposed dates for these are listed below. If you are keen to join in one of the run-out days then you will need to book with the run organiser. Their details are on the route pdf available to ARCC Club affiliated members at the SROC Forum page (www.rootesroundbritain.info). It will be up to each day's organiser how many spaces there will be and they will manage a cut-off point. Prior booking will absolutely essential in order to find out the actual start location and time.
