20 th July	Rootes Heritage Day – British Motor Museum, Gaydon
22 nd -24 th August	Silverstone Festival
7 th – 9 th November	NEC Classic Car Show

A New Meeting for Norfolk 2025.

To compliment the Rootes Group of East Anglia's evening meetings, I'm proposing (subject to sufficient interest), to start a midday get together in the North Norfolk Area. The venue I have in mind is Whitwell Station near Reepham (NR10 4GA <https://whitwellstation.com/>) for all Rootes Group vehicle owners.

The preserved Station, which is also used as a meeting space by other car clubs, has a decent amount of outdoor space for the cars and have a licences bar and associated catering facilities. My thoughts are to start this in the new year and hold it monthly thereafter on a day that best suits those interested.

Also, as posted on Facebook, we are thinking of organising a weekend get together at Blue Skies Campsite in Wells-next-the-Sea in Late June / Early July next year (again subject to interest). I appreciate camping / caravanning / motor homing may not appeal to all, however for those it does it's a lovely area to spend a few days. <https://wellsguide.com/>

If you are interested in either or both of the above please email me at alpines@btinternet.com or call / text me on 07530410499 For the weekend get together I could do with knowing the level of interest by Christmas so I can sort availability with the Campsite. Tony Willock (637)
